<b>Time</b>	<b>Lesson Element</b>	<b>Instructional Outline</b>
10-15	<b>Warm-up</b>	Journal #10: Passing the SJHS bond
45-50	<b>Instructional Activities</b>  <b>Assessment</b>  <b>Closure/Review Techniques</b>	Roundtable: What do you know about WWI? How did WWI start (fill ins) (20-25). Use dominoes as I go over each nation to illustrate the scope of involvement them push the dominoes over. Go over group projects for this week (what they are doing) (10). Show trench overhead. Form groups and divide up the 20 questions per student in the group
	<b>Homework/Individual Practice</b>	Key Terms due Thursday. Start writing 20 game questions, due tomorrow for approval
	<b>Materials Needed / Resources</b>	115 KT packets, 1 overhead transparency, overhead projector, 115 road to war worksheets, 115 what do you know w.s. Dominoes
	<b>Differentiation / Accommodation Strategies</b>	For group board games – students will be required to write at least 3 questions
<b>Self Reflection:</b> Second time I have done the roundtable and the kids still like it. Ran short on time in two classes to get all the introductory notes in but the kids were able to form groups and divide up the work load in creating the 20 questions that need to be approved tomorrow for the board games. The dominoes were a nice touch and seemed to help the kids understand the speed of the war escalating.
